

Specification of GCTS Series

- Connection: Single-phase 2-wire, Single-phase 3-wire, Three-phase 3-wire, Three-phase 4-wire
- DC Power Supply for Photovoltaic Simulation
 - Models with 400V or 600V of Maximum Discharge Voltage
 - Models with 15A or 30A of Maximum Short-circuit Current
- Output Capacity: 1kW to 100kW
